JP DOCS BOON 2009 Grey Gelding (Wayne)

Wayne is a gelding you look forward to riding he has plenty of go and a willing attitude. He has natural athletic ability and cow sense. He really pins his ears and is aggressive on a cow. Standing just under 15 hands he won't be the biggest horse in your string but tough and durable enough to go all day and rope big cattle outside. Wayne has a good stop and turn around. Loads of potential for a breakaway, tie down, or heel horse. He has been pen roped on and started on the heel-o-matic. He's gathered big country and has been used for sorting and pairing out.
